Simply buy the discount acrylic sheet size closest to your need, then we can cut into size to your final size for Plexiglas windows, etc. Note: Plexiglas is naturally UV resistant. Rinse well. Product Code: Plexiglas Acrylic Sheets \$ 0.00 SNUBEET GUARD LEAVE Also known as clear acrylic transparent sheets cut to any size while waiting. The frosted surface retains all the attributes associated with our current frosted foil material: \* LightBR fingerprints are effectively diffused \* and Scratchesbr \* Requires less cleaning and maintenance. 60", 63", 72" and 75" and standard lengths of 96" and 100." \* Frosted clear edge Plexiglas® is available in a thickness range of 0.177" to 0.472." P-95 is manufactured through a cell melting process that meets the requirements of almost all high-performance applications. Create signs, frame frames or make machine guards. An alternative to P95, MC Matte Finish offers manufacturers a wider range of sizes to improve performance and reduce costs. In addition, it has an exceptional thickness tolerance and can be thermoformed in greater detail. We recommend Brilliantize or Novus Polishes sold on this site. Do not use: window cleaning fluids, rubbish compounds, sandy fabrics, leaded or ethyl petrol or solvents such as alcohol, acetone, carbon tetrachloride, etc. Quantity discounts on plexiglas sheets. On point-of-purchase screens, the grinding effect hides scratches and fingerprints, and requires less cleaning to maintain an attractive surface. The rigid and crystalline leaves of PlexiglasÃ-Fe-Plexiglasión were not defects or yellow. The acrylic sheet of the brand PlexiglasÂ® is commonly spelled as Plexiglas, Plexi glass, Flexi Glass Plexiglass Sheet - PlexiglasÂ® acrylic pill courtesie of the Arkema Group Inc. family, Plexiglass manufacturer. Large sheet sizes available in thickness to 4 "thick. Use a clean soft pan or sponge sponge as much solution as possible. We are one of the largest independent distributors and manufacturers of US plastics. NO yellow and absorbs much of the UV spectrum. Having us sell sheets of plexiglas cut to your size will usually save on shipping costs â smaller packages are shipped cheaper via UPS. Polycarbonate is a useful material when windows and resistant surfaces are needed. An added advantage is the application of a new process technology that presents a grinding effect on both surfaces of the blade, highlighting the clarity of the colorless or colored "clear" edge. We have a wide variety of plexiglas â transparent acrylic plexiglas panels, cellular molten acrylic plastic sheets, acrylic glass sheets, shapes, dyed, colored, non-dazzling plexiglas plastic mirror and textures.
